DETAILED ACTION

1. Claims 1-21 are allowed.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach the following limitation: 'identifying one or more unstructured data columns and one or more structured data columns from the database; generating a combined index of the unstructured and structured data columns, the combined index providing associative access to the database using a query that includes both unstructured conditions and structured conditions' as recited in independent claim 1.

As per claim 10, the prior art of record does not teach 'a user interface for receiving instructions from a user; and indexing logic that generates an index structure by combining an unstructured data column and a structured data column from the data table, the index structure allowing data retrieval from the data table based on a query received from the user interface having conditions associated to both the unstructured data column and the structured data column.'

As per claim 16, the prior art of record does not teach 'converting the unstructured data into a structured-like form; generating an index structure based on the converted unstructured data and the structured data; and searching the data table using the index structure in response to a query having conditions from both the unstructured

data and the structured data.' (see Specification page 4 lines 2-23; page 5, lines 1-12; page 6 lines 13-21; page 7 lines 1-25; page 8 lines 1-25; and page 9 lines 1-25.)

The remaining claims 2-9, 11-15, and 17-21 comprise dependent claims, thus these claims are patently distinct over the art of record for at least the above reasons.

The examiner agrees with the applicants' remarks, filed on November 17, 2005, page 3 lines 5-29; page 4 lines 4-29; page 5 lines 4-27; and page 6 lines 4-13.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
